## **PUBLICATION SCHEME**

### The Publication Scheme

In line with section 20 of the Freedom of Information Act 2000, the Information Commissioner has now developed and approved a new model publication scheme which was adopted, without modification, by the Parish Council at its meeting on 3rd December 2008 and reviewed in 2019, 2023 and 2024.

The scheme commits a Parish Council to:

- Proactively publish or otherwise make available as a matter of routine information, including environmental information, held by the Council and falls within the classes outlined below.
- Specify the information which is held by the Council and falls within the classes below
- Proactively publish or otherwise make available as a matter of routine information in line with the statements contained within the scheme.
- Produce and publish the methods by which the specific information is made routinely available so that it can be easily identified and accessed by members of the public.
- Review and update on a regular basis the information the Council makes available under the scheme.
- Produce a schedule of any fees charged for access to information which is made proactively available
- Publish any dataset held by the Council that has been requested, and any updated versions it holds, unless the Council is satisfied that it is not appropriate to do so. Where reasonably practicable, datasets will be published in an electronic form that is capable of re-use. Where the Council is the sole owner of any relevant copyright work contained in a dataset, the information will be made available for re-use in accordance with the Re-use of Public Sector Information Regulations 2015, where they apply, or otherwise under the provisions of the Freedom of Information Act 2000.
- Make the publication scheme available to the public.

The classes of information will not generally include:

- Information the disclosure of which is prevented by law or exempt under the Freedom of Information Act.
- Information in draft form
- Information no longer readily available as it is contained in files which are in archive storage, or is difficult to access for similar reasons.

Method by which information published under the scheme will be made available;

- The information is included on the Parish Council's website: and a copy is posted on the village notice boards.
- Information can also be obtained from the Clerk to the Council by e-mailing: [clerk@cantleywithbrantonparish.gov.uk](mailto:clerk@cantleywithbrantonparish.gov.uk) or by telephoning 07761525584. If necessary an appointment to view documentation will be made within a reasonable timescale following the request.

- The Council will adhere to requirements under disability and discrimination legislation and any other legislation to provide information in other forms and formats.

Charges which may be made for information published under the scheme:

- Material on the website is free of charge
- Charges for routinely published material will be kept to a minimum.
- Charges may be made for actual disbursement incurred, e.g. photocopying, postage/packing plus the cost directly incurred as a result of viewing information
- Charges may also be made for making datasets, or parts of datasets, that are relevant copyright works available for re-use. Any such charges will be made in accordance with the Re-use of Public Sector Information Regulations 2015, where they apply, or under any other statutory powers available to the Parish Council.
- Where a charge is to be made, confirmation of the amount payable will be provided to the applicant in advance. Payment may be requested prior to the provision of the information.
- Charges may also be made for information provided under the scheme where they are legally authorised.
- Where a charge is made this will be confirmed to an applicant in advance\* The Parish Council may also request payment prior to providing the information if it so wishes.
- \*For the time being the cost will be 10 pence per sheet plus any postage charges

### **Datasets and Re-use of Public Sector Information**

The Parish Council will publish any dataset it holds that has been requested, and any updated versions it holds, unless it is satisfied that it is not appropriate to do so.

Where reasonably practicable, datasets will be published in an electronic format that is capable of re-use.

If a dataset contains information that is a relevant copyright work and the Parish Council is the only owner of that copyright, the Council will make the information available for re-use in accordance with the Re-use of Public Sector Information Regulations 2015, where they apply, or otherwise under the provisions of section 19 of the Freedom of Information Act 2000.

The term “*dataset*” has the meaning given in section 11(5) of the Freedom of Information Act 2000. The term “*relevant copyright work*” has the meaning given in section 19(8) of that Act.
